1) Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

2) The I.D.S filed 2/17/2004 and 7/19/2004 have been considered by the Examiner. However, the Japan and/or foreign document(s), if they have not been written in English, are considered to the extent that could be understood from the English Abstract and the drawings.

Form PTO-1449 or PTO/SB/08 is(are) attached herein.

3) The drawings are objected to because figure 7 should be designated by a legend such as --PRIOR ART-- since only that which is old is illustrated. See MPEP § 608.02(g).

Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application.

The replacement sheet(s) should be labeled "REPLACEMENT SHEET" in the page header (as per 37 CFR 1.121(d)) so as not to obstruct any portion of the drawing figures.

If the changes are not accepted by the Examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Art Unit: 2653

4) Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase " and/or " (claims 1,7,11 and 13) render(s) the claim(s) indefinite since it was not clear what applicant intended to cover by the recitation between " record " and " reproduce ".

The phrase "capable of" (claims 1,7,11 and 13) renders the claim(s) indefinite. The phrase "capable of " refers to the potential of the device to function in a prescribed manner. That the device merely could function in a certain manner leaves in doubt whether the claim(s) actually encompasses such a function. The resulting claim(s) do not clearly set forth the metes and bounds of the patent protection desired.

Claim(s) 2-6,8-10,12 and 14 incorporate the indefiniteness of claim(s) 1,7,11 and 13 by virtue of their dependency thereon.

5) Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6) The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. (See form PTO-892 attached herein).
